

➤ ABOUT PARRISH BUSINESS SERVICES

Industries we Serve

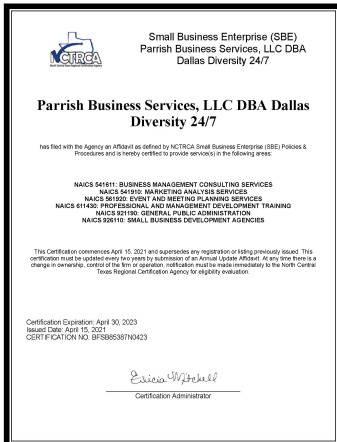

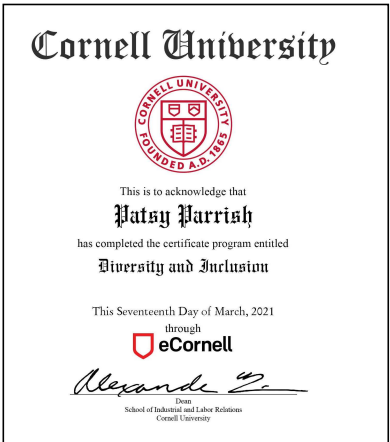

-  Government
-  Training
-  Supply Chain Management and Logistics
-  Talent Management and Staffing
-  Administration and Professional Services

Diversity and Inclusion Training

We provide diversity training, which allows a person to explore mentorships and complete professional credential training. Diversity and inclusion training can help address biases and prejudice, as well as lead to financial gains for businesses.

We Design diversity training programs based on a foundational understanding of the unique diversity and inclusion objectives and challenges of each organization.
